

BEYOND THE TEAMS

2021 FUNDRAISING NATIONAL NAVY SEAL MUSEUM TRIDENT HOUSE CHARITIES

From their early days in World War II elite Naval combat units have been in the forefront of every conflict, every contingency, and every national emergency that has faced our nation. The purpose of the National Navy SEAL Museum is to foster and perpetuate the legacy of the Navy SEAL Teams.

The Museum informs and educates the public on the important role SEALs and their predecessors (Naval Combat Demolition Units, Scouts & Raiders and Underwater Demolition Teams) have played in our Nation's history.

Navy SEALs and their forerunners have been writing history since day one. The Museum is honored to share their story with the proud citizens of our country and with the world. The National Navy SEAL Museum is preserving the past to ensure the future.

The Museum promotes family-friendly public education through interactive exhibits and artifacts, allowing patrons the opportunity to explore the history and heritage of the Navy SEALs, while honoring the fallen at the Navy SEAL Memorial Wall. The exhibits at the Museum provide an insight into Navy SEAL training; giving visitors an up close look at the formation and application of the Navy SEAL standards of excellence:

"If you got any closer, you would have to Enlist"

The National Navy SEAL Museum was founded in 1985 and honors the Navy SEALs with its location in Fort Pierce, Florida (the training site of the first "Frogmen" of World War II) who established the proud lineage of today's Navy SEAL.

The Navy SEAL Memorial, the only one of its kind dedicated to the Navy SEALs and their predecessors, underscores the Museum's tribute to these warriors.

The names of all who have died in training or service to their country are etched in the granite walls. From the Patrol Boats that enabled Navy SEALs to dominate the rivers and canals in Vietnam to a replica of Osama Bin Laden's compound in Abbottabad, Pakistan; the museum houses an array of artifacts that showcase several perilous SEAL missions and tell the story of their forerunners.

Beyond educational exhibits, the Museum safeguards and shares the legacy of the world's premier special operations force. The Museum not only traces the history of the Navy SEALs, but also provides guests with an uncommon perspective of our nation's constant vigil for freedom spanning more than 70 years. Through their relentless resolve, Naval Special Warriors have "paid the bill" for American freedoms. The Museum helps to shed light on the high cost of this elite preparedness.

The Navy SEALs have protected America's interests in nearly every major military conflict since the Vietnam Conflict. They remain an integral part of the offensive in the ongoing war against terrorism.

BEYOND THE TEAMS

YOU CAN BECOME PART OF HISTORY!

Since it's humble beginning on Veterans Day 1985 the National Navy SEAL Museum has grown into a world class heritage site. As today's Navy SEALs continue to write history the Museum expands to tell their story. We invite you to join us with a generous pledge of support to preserve the legacy of America's premier special operations force.

WHO ARE WE?

Beyond the Teams is a group of former Navy SEALs who've teamed up to undertake a new kind of mission. Together, they conduct fund-raising events for organizations and causes that help people with physical disabilities, cultural disadvantages and practical needs going unmet because they are the "little guys."

2021 Misson
**300-MILE
PADDLE**

Looking to May of 2021 to Paddle a 6-man Outrigger Canoe nearly 300 miles (Key West to Fort Pierce, FL) to support and raise funds for the National Navy SEAL Museum. Our Team Members & Support Crews are learning, training & preparing for an epic Journey from the Southern tip of Florida-North to the Museum. We're planning a West Coast paddle in August.
