## Our Values

- **Fulfillment Through Serving Others.** We believe that serving others is a cornerstone of a healthy society and the bedrock to individual fulfillment. Our service to others is a lifelong commitment.
- **Giving Back.** We believe that to whom much is given, much is required. The traits developed through our military service demand that we give of our time, talent, and treasure to others.
- **Team Before Individual.** We know from our experience that strong teams conduct successful missions, and that a unified team of committed individuals can accomplish anything.
- **Integrity and Transparency.** We believe in building relationships of mutual trust within our team and with all our partners, sponsors, and donors. We believe that we are only as good as our reputation; and we are committed to living lives that are worthy of following.
- **Collaboration and Community:** We develop partnerships locally to effect positive global outcomes. We believe that meaningful change happens when we collaborate with those who share our values.
